B.F.T.A. SPORTING GUN GRADE, SHOOT RULES for 2006

These rules are to used in conjunction with the B.F.T.A. MAIN SHOOT RULES and the GRAND PRIX SHOOT RULES AIRGUNS

Air Rifles of any calibre, which comply with the Statutory Regulations and BFTA Limitations in force at the time of the event, may be used. In any event specified for Air Pistols the Statutory Regulations together with the BFTA Limitations for Air pistols shall apply.

SIGHTS and SIGHTING

Any form of sighting system may be used with the exception of Laser sights. No separate device designed specifically for range finding may be used. The power of any telescopic sight must be limited to 12 (twelve) times magnification, larger power sights may be turned down for the competition.

The sight must be set for distance, magnification (up to 12 times) and elevation in each lane

before looking through the sight at the first target. The sight settings from the first target may not be varied or adjusted before shooting at the second target.

GENERAL

If a Sporting Gun Competitor is partnered with a Field Target shooter the former must shoot first, this is to ensure no unfair advantage is gained.

AMMUNITION Any design of pellet that is completely made of lead or lead alloy may be used.

METHOD OF SCORING

Normal FT Scoring shall apply, 1 (one) point if the target falls and 0 (zero) for the faceplate.

□

RULES

The above rules must be strictly adhered to.

Roger Moy.
